SALEM SERIES

Solid wood! Solid value! Our crafted cabinets are available as frame display or glass shelf display configurations. Locking storage below allows ample space for frame cases and sample items. The Salem Series coordinating mirrors and shelves are a nice addition to the space. This handsome maple cabinet has a durable protective finish.

COLORADO SERIES

These units provide both presentation space and lockable storage. Added accents in the crown molding give the Colorado Series character. Available with locking glass doors and optional mirrored backs. The units shown accommodate 90 eyeglass frames each! Don't forget your designer sunglasses.

SARASOTA SERIES

Our transitional line of display furniture, the Sarasota Series, is a perfect balance between Traditional and Contemporary. Cutting edge LED lighting is used to illuminate the frames, keeping energy costs at a minimum. Granite accents and impressive crown molding highlight the cabinets. Coordinating dispensing tables and repair stations with articulating keyboards feature the same quality and detail as our frame displays.

AUSTIN SERIES

Expectations-Exceeded! Built in frame displays surrounded by flagstone give the Austin Series an earthy feel with elegant accents. Granite features reflect the surrounding landscape. Our environmentally friendly, high performance finish protects the natural hardwood.

SANTA FE SERIES

Wow design! Wow price! This high quality functional display has it all. Clean lines and HPL accents keep the focus on the frames being displayed. Great when used as stand alone or grouped back to back as an island. Mirrors added to the ends of the cabinets are helpful when space is tight.

Our green finish is safe for both you and our environment.
HAP Free (Hazardous Air Pollutant Free)

Coordinate interior finishes, seating and casework.
FREE preliminary space planning.
