

## WORSHIP FURNITURE

KDA Furniture & Interiors has manufactured furniture for over 35 years providing exceptional quality at a cost effective price. We combine craftsmanship, durability, style and aesthetics giving you the most for your investment.

In addition to our worship furniture, we offer a complete line of seating from leading manufacturers. Our degreed professional Interior Designers will coordinate finishes selecting paint colors, flooring, interior landscaping, and assisting with art and art placement.

Hand Crafted in the USA 

## **ALTAR**

---

A beautiful centerpiece to your worship facility. Our Altars are available in the style that meets your image. Choose from many wood options, and custom match stain to coordinate with any décor. Shown with solid wood base and laminate top. Available with unlimited laminate choices, the richness of real wood, and handsome granite or marble tops.

## **PULPIT**

---

This contemporary version allows for open storage below. Available with additional lighting and can be wired to coordinate with your sound system. The laminate top is accented with a wooden riser and wood display for easy presentation. Available with laminate, wood, granite, or marble tops. If your worship space is multifunctional, we are the right manufacturer for you! Our worship furniture can include hidden casters so you can easily reconfigure your space.

## **BAPTISMAL FONT**

---

Our Font is designed to be seen from all angles. The Font can include hidden casters and can be easily moved to a central location when needed. The base is constructed of solid maple with a frame and panel design. Includes a laminate top but is also available in wood, granite, and marble. With our modular components, KDA offers versatility, beauty, and functionality.

## **CHILDREN'S MINISTRY SEATING**

---

Constructed of solid wood with a clear maple finish, our children's bench seating is crafted to withstand years of heavy use and still look great. A rubber seat makes for easy cleanup and added durability. Light weight enough to be easily moved, yet stable, accommodating different situations in your space.

## **WELCOME CENTER MOBILE UNITS**

---

Wow design! These multi-function units can be used as Welcome Center desks, beverage stations, information display center, buffet for gatherings, and so much more! The curved design directs traffic flow through your space. Includes storage below with adjustable shelves and locking casters for easy reconfiguration.
